Group Mission Opportunities Mexico 2006

Baja California ~ Our work in the Baja California region of Mexico is designed to give churches and groups a variety of ministry opportunities. Whether you serve through construction, evangelism, or even a relational type ministry, you will help local congregations reach more people for Christ in the Ensenada area. A ministry opportunity in Baja California can be as short as one day or as long as two weeks. You decide based on the needs and objectives of your group.

Oaxaca ~ We are working with under reached people groups in and around Oaxaca City, Mexico. Oaxaca is the capital of the Indian culture of Mexico. Centrally located in the southern part of the country, there are over 15 separate Indian populations within a few hours of the city. Serving here is very challenging, as the many ethnic groups have only recently begun to hear the Good News of Jesus Christ. Our ministry partners are focused on a holistic strategy to serve the spiritual, emotional, and physical needs of this diverse population.

Guadalajara ~ Life in Guadalajara is a mixture of urban city life, comparable to the United States, and rugged rural living lacking many of the comforts we have come to expect in our homes. Over 6,000,000 people live in this area, the heart of the Mexican culture. If you really want to experience and understand the traditions and people of Mexico, serve in Guadalajara. Working with both cell based and traditional styles of church ministry ensures that we are able to partner you with a local community for effective outreach.
